

Sailmaking is not a dying art.

We are a modern full service  
production and service loft located  
in Easton MD.

Come by and see the loft and the sails we are building, and talk to one of the sailmakers building your sails. From measuring, design, and build...we do it all in our 20,000sqft building.

We also offer all rigging services to keep your sailing enjoyable and problem free!

Whether you're Racing, Cruising, or just in need of service to keep your journey on schedule, call us at (410) 819-8886 and ask for Matt or Scott

We are proud sponsors of Dickerson Yachts
